Freight congestion in Barre was measurably abated this morning when 28 "empties" arrived over the M. & W. R. railroad. Granite manufacturers viewed the appearance of the cars with satisfaction, as it means that the jam in finished Barre granite will be relieved. A de-ice, although the situation on the Central Vermont road remains acute. It was reported to-day that an embargo on freight over the Delaware & Hudson road has been declared. There are indications that the increase in demurrage charges from \$3 to \$5 per day, which was put into effect in December, has reduced to a minimum the old-time practice of delaying the unloading of cars. Abnormal transportation demands continue and embargoes remain in force at western terminals, but conditions do not compare with the congestion which existed some months ago and locally heavy shippers are optimistic over the outlook for spring shipments.

Spaulding High Stands Second.

Two defeats for Burlington high school during the past week places Spaulding high school in second place in the interscholastic league standing and drives Burlington into third place. People's academy's win over Burlington last Friday gave P. A. a strong hold on fourth place; although there is a chance for Stowe high to win the next two games and tie the Morrisville aggregation for the fourth berth. Montpelier high school's win last evening put them another game to the good. The league standing is as follows:

Montpelier high..... 12 2 857  
Spaulding..... 9 5 843  
Burlington..... 7 4 836  
People's academy..... 8 6 871

Indicative in a striking way of what the Barre granite manufacturers and quarriers are doing in their national advertising campaign is the north display window at the Drown pharmacy, where much interesting data on the campaign has been assembled. The exhibit centers around the Saturday Evening Post, one of the principal mediums of advertising utilized by the granite men, and much is made of the page advertisement which appears on page 48 of the Saturday Evening Post for March 17. An unusually large supply of Posts containing the Barre insertion was received by the dealer this week, but the supply this morning was practically exhausted.

A Randolph man, E. F. Richelle, has asked the Barre police department to aid him in locating his wife, who is said to have disappeared a few days ago. Mr. Richelle was in town Tuesday and furnished the police with a detailed description of the missing woman. Mr. Richelle is said to have suffered a long period of ill health and members of her family had feared that her actions at times were not exactly normal. One morning a week ago she left home without notifying her relatives of her destination. It was learned that she purchased a railroad ticket for Barre or Montpelier and it is thought that she may be staying in this vicinity.

Baseball fans in this vicinity, who watched George Faulkner of Dorchester, Mass., perform on the diamond in recent years, while a student at Goddard seminary, will be glad to learn of his showing in the preliminary at Shreveport, La., with Christy Mathewson's Redbirds. While a student at Goddard through 1915 and 1916, Faulkner was a terror to opposing pitchers, and according to the following report from a sporting writer, who is following the work of Mathewson's men, the youngster is still hitting hard: "George Faulkner, ex-Goddard seminary infielder, signed by the Cincinnati club, has been fielding well and hitting the ball hard thus far. Off Schneider he made three hits and another day he banged the ball for two safeties."

#### PRESIDENT WILSON PLEASED.

Message of Support from Governors of New England.

Washington, March 15—President Wilson is deeply gratified by the resolutions of support adopted by the governors of the New England states at the meeting in Boston Tuesday, and will instruct Secretary Joseph P. Tumulty to send letters to the governors, expressing his appreciation.

The telegram containing the resolutions was received at the White House yesterday, and Mr. Tumulty considered the message of sufficient importance to place it before the president immediately, notwithstanding the fact that he said yesterday morning that he would permit no one, whether a private citizen or a cabinet official, to see the president for a day or two because of his illness.

It was learned that Mr. Wilson, after reading the telegram, said that the message was most pleasing and encouraging, showing that the governors of six great states were behind him in "making forth with the most energetic preparations for national defense on land and sea." The hope was expressed that the governors of other states would hold meetings similar to that in Boston, and would adopt similar resolutions. The resolutions were read with interest by senators and congressmen who are remaining in the city. Comment was favorable.
